

PERMISSIVE ACCESS

Wiveton Downs is a Site of Special Scientific Interest (SSSI) for its geological and wildlife interest. This is a permissive bridleyway which links with other bridleyways in the area to provide a safe route between nearby Blakeney and this popular local nature reserve.

Please note that horses are restricted to the permissive bridleyway which runs along the south of the site and should not stray onto other more ecologically and geologically sensitive areas of the site.

CRoW Act Open Access
(See smallprint below)

This access is provided under the Department for Environment, Food & Rural Affairs' farm conservation schemes as managed by Natural England, helping farmers and land managers protect and improve the countryside, its wildlife and history. It is permissive access and no new rights of way are being created. Existing rights of way are not affected. Please follow the Country Code & local signs. CRoW Open Access is provided under the CRoW Act 2000 and gives rights of access to open country (For details & restrictions see www.countrysideaccess.gov.uk). Do not disturb wildlife, livestock or other visitors and in particular keep dogs under control. This is working farmland so please take care. People using this site do so at their own risk. Access ends on 30th April 2020.

For access related queries please call the Environmental Stewardship Permissive Access Team on 0300 060 1114 (Office Hours).

For all other Defra related queries please contact the Defra Helpline on 08459 335577 (Office Hours).
