NOTES

1	species names in italics are sub-species
2	species in red are pending acceptance by either the Norfolk or National Rarity Committees
3	(RB) or (RN) after the species name means that occurrences of this species need to be reported to National (RB) or Norfolk (RN) Rarity Committees
4	** following a species name indicates a species new for the Square
5	where counts exist for a subspecies as well as at the species level, the species count excludes the subspecies
6	max count is the highest count recorded at an individual site on any one day
